

## Environmental Policy Statement

Waste Management Facilities Ltd are a privately owned company providing a national waste brokerage service, waste consultancy and supply associated site waste containers and services.

We are committed to providing a quality service in a manner that ensures a safe and healthy workplace for our employees and minimises our potential impact on the environment. We will strive to use pollution prevention and environmental best practices in all we do.

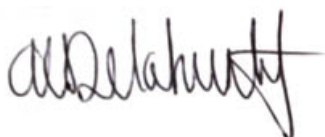

The key points of our strategy to achieve this are:

- Minimise waste by evaluating operations and ensuring they are as efficient as possible.
- Promote efficient use of materials and resources throughout our facility including water, electricity, raw materials and other resources, particularly those that are non-renewable.
- Carry out our business of Waste Management in a sustainable manner, adhering to the waste hierarchy wherever possible, limiting any adverse effects on the environment and encouraging positive environmental benefits wherever practicable.
- Actively promote recycling both internally and amongst our customer base through working with our supply partners.
- Meet or exceed relevant environmental legislation and other requirements applicable to our business.
- Implement a training program for its staff to raise awareness of environmental issues and enlist their support in improving the Company's performance.

The executive board for Waste Management Facilities Ltd will act as the strategic decision policy making forum for all environmental issues.

The Managing Director will ensure that adequate training and resources are made available to implement this policy and be responsible for the review of performance against our set objectives during our annual Management Review meetings.

Signed

Mrs A L Delahunty  
Managing Director
