

Affiliate Member: Statement of Commitment to the WISH Forum

This statement is made in demonstration of the commitment that [Organisation] makes to the improvement of health, safety and welfare within its activities in the waste and recycling sectors.

[Organisation] supports the activities of the Waste Industry Safety and Health (WISH) Forum aimed at the improvement of health, safety and welfare in waste and recycling activities and is committed to abide by the Responsibilities of Affiliate Membership as described in the WISH Constitution.

[Organisation] will fulfil the responsibilities of Affiliate membership by:

- Requiring each of its business/unit/function/members to prepare and implement an annual/biennial/five year Health and Safety [Improvement][Delivery] Plan, consistent with the overall goals and objectives of WISH, which describes the measurable goals to which it is committed.
- Making the Health and Safety [Improvement][Delivery] Plan available to [members] [employees] [the public] [interested parties] through [the website] [annual CSR statement][noticeboards][intranet] and reporting progress against objectives and targets as part of [annual CSR report][monthly business reporting][annual Health and Safety Performance Statement]
- Actively encouraging [clients] [employers] [employees] [the public] and others to draw up and implement their own Health and Safety [Improvement][Delivery] Plan which support the aims and objectives of WISH and the Health and Safety [Improvement][Delivery] Plans of the WISH membership; and
- Within the limits of the capacity and sphere of influence of [organisation] supporting, assisting and contributing to the delivery of the WISH Health and Safety Action plans.
